

BANC MSS C-A 60 — Legislative Records, Tomos II

Finding aid · 169 records · 1832–1835 · Archives of California: A Documentary Calendar of the Savage Transcripts

Provenance. Thomas Savage's 1876–77 copies (for H.H. Bancroft) of the Spanish- and Mexican-era government records of Alta California, made at the U.S. Surveyor-General's office; the originals burned in the 1906 San Francisco fire, leaving these transcripts the sole record. Manuscripts: Bancroft Library, University of California, Berkeley (BANC MSS C-A 60); digitized microfilm on the Internet Archive (bancarchca_82_02). This calendar is an independent, AI-assisted index with published error rates — verify any record against the manuscript scan before citing (searchable, with scan links: archivesofcalifornia.com). **Coverage:** TARGETED pass at ACTA grain (1834–35; 12 long actas incl. the secularization reglamento enactment Doc 2, n11–n33, verbatim-verified). Δ CORRECTED 2026-07-28 (gap-read audit): the routine spring–summer-1834 run n53–n150 (~30 municipal/secularization sessions, ~55–95 lv) is BOUNDED-unread, NOT item-read — earlier '07-22 confirmed adequate' was a desk call with no reading session (last read 2026-07-01). Article SPINE (the enactment) is secured; upgrade n53–n150 (~1 session) ONLY if the californio draft needs 1834 municipal-politics texture. Peak Híjar–Padrés year. Bounds verified by the 2026-07-27 sampling audit.
