

BANC MSS C-A 61 — Legislative Records, Tomos III–IV

Finding aid · 297 records · 1830–1846 · Archives of California: A Documentary Calendar of the Savage Transcripts

Provenance. Thomas Savage's 1876–77 copies (for H.H. Bancroft) of the Spanish- and Mexican-era government records of Alta California, made at the U.S. Surveyor-General's office; the originals burned in the 1906 San Francisco fire, leaving these transcripts the sole record. Manuscripts: Bancroft Library, University of California, Berkeley (BANC MSS C-A 61); digitized microfilm on the Internet Archive (bancarchca_82_03). This calendar is an independent, AI-assisted index with published error rates — verify any record against the manuscript scan before citing (searchable, with scan links: archivesofcalifornia.com). **Coverage:** TARGETED pass at ACTA grain (Vols III–IV, 1836–46 centralist-era Junta/Asamblea sessions; 15.1 lv/rec). Marquee 1845–46 endgame captured richly (LA land-title Doc 7, Micheltorena–Sutter treason dossier Doc 24/n300, US-war alarm Doc 22). △ CORRECTED 2026-07-28 (gap-read audit): the 1836–39 run n23–n39 (~100 orig pp of Alvarado-era Junta business) is BOUNDED-unread, and the Docs 1–8 scan-mapping audit flagged 07-14 is STILL OPEN (out-of-order binding). Earlier '07-22 confirmed adequate' was a desk call (last read 2026-07-01). Upgrade n23–n39 + finish the Docs 1–8 audit (~1 session) ONLY if the californio draft works the Alvarado-era Junta. Bounds verified by the 2026-07-27 sampling audit.
