

BANC MSS C-A 32 — Departmental State Papers (Miscellaneous), Tomos IX–XVI

Finding aid · 48 records · 1784–1846 · Archives of California: A Documentary Calendar of the Savage Transcripts

Provenance. Thomas Savage's 1876–77 copies (for H.H. Bancroft) of the Spanish- and Mexican-era government records of Alta California, made at the U.S. Surveyor-General's office; the originals burned in the 1906 San Francisco fire, leaving these transcripts the sole record. Manuscripts: Bancroft Library, University of California, Berkeley (BANC MSS C-A 32); digitized microfilm on the Internet Archive (168036073_80_14). This calendar is an independent, AI-assisted index with published error rates — verify any record against the manuscript scan before citing (searchable, with scan links: archivesofcalifornia.com). **Coverage:** FULL VOLUME ITEM-READ no–n98 (completion pass 2026-07-27, 4-agent sweep + lead verification). 48 records. Multi-tomo: Tomo IX Miscellaneous (marquee docs + TOC index) + 6 CA-specific copyist abstract-books — Presidios X–XI, Departmental Payments XII–XIII, Commissary/Treasury Receipts XIV, Despatches From Other Departments XV (only national/inter-state material, index-grain, bounded by the n95 Valenzuela colophon), Memorials/Reports XVI (Alamán 1832 census). The 07-17 'XI–XVI = national-decree bulk' label was a mischaracterization — corrected. Rows 9–18 (Tomo IX pp.75–193, incl. Vallejo→Ross & Gómez→Sitka) are index-only (Savage indexed but did not transcribe them). Cite by printed orig page; page systems reset per sub-tomo (Bancroft stamp = scan+1).
